Prayer requests:

1. Pray for salvations among Sunday school children and for their parents who do not come to church.
2. Pray for Robert as he plans and prepares for a six-month furlough starting in June of next year.
3. Pray for a stateside vehicle for Robert as he returns for the furlough.

Thank you so much for your prayers and for showering us with blessings, both material and financial. The last two months have been a blessing as we have seen the hand of God moving among Australians here at Fellowship Baptist Church. Robert had the privilege of baptizing a lady named Del who received Christ as Lord and Saviour several months before.

Adelle "Del" being baptized on her birthday

We have been praying for Del's husband, Terry for well over a year. Terry has a severe medical condition and is in a nursing home. Robert has visited Terry many times and literally pleaded with him to come to Christ, but to date that has not happened.

Furthermore, we held a Holiday Kids' Club in late September. That's the same as Vacation Bible School in the States. School kids all over Australia were on their two-

week Spring break. The theme for the four-day event was "Superheroes" where we looked at the lives of four characters in the Bible and how they exemplified superheroic traits in their faith toward God.

Future superheroes of the faith!

The average attendance was 15 children, with seven children who had never been to Fellowship Baptist Church before, or for any other church for that matter. There were no salvations, but several of the new visiting kids are now being picked up by the church van for Sunday school where we pray they will eventually come to a saving knowledge of Jesus Christ.

Finally, Robert is able to relieve missionary Larry Parshall for three weeks at Cooloola Baptist Church in Gympie. This will allow him to travel back to the States in order to help his son with some urgent matters.
